

# Ms Derbonne

Ms derbonne is a nurse that helps the ill children. She is always local to heal the ones in need, She also teaches the anatomy of our bodies so you can ask her anything!!

Make one of your own today so you can have a hero in your hands

Cut around all black lines and fold every straight line  
Glue together where the white pieces meet with the paper

Center a glue dot to attach the white space where the torso is at  
(Be sure to have glued to arms first)

Back side will be glued to the white space at the torso

Glue white space to the meeting parts of the torso
