

# Mrs. Hensley

**This is Mrs. Hensley! One of the World History teachers at Trimble Tech HS. Here she's rocking a Tech Shirt for casual friday. She's holding an AP World History textbook and a map, maybe it's DBQ time! On the bottom right you see the final product with a happy Mrs. Hensley. Note that you should cut on the solid lines and fold the dotted lines to make the full piece as it appears in the mini model on the bottom right.**
