

Wendy Larmour

She is a computer science teacher in Green B. Trimble Technical High School. She is a lovely teacher who always tries her best to help her student. She loves to travel to many places around the world.

1. Cut around each of the parts of the character
2. Cut the black rectangle. On the white fold of the arms, put through where the rectangle was cut and glue it inside with no color.
3. The white parts are where you fold inside and glue. (This won't show outside)
4. Combine the feet and body together with blue touching blue. (Having this part in front)
